LED Task Light

Humanscale®

Element 790

Featuring advanced MCX LED Technology for exceptional performance, Element 790 is the most award-winning LED task light in the world. Element 790 combines innovative design and high-performance illumination into the ultimate LED task light and adds a seven-level dimmer to Element Classic's groundbreaking design.

Element 790

Features

- Single light source casts just one shadow
- Produces a large footprint of 3500K (neutral white) light
- Excellent colour quality - CRI 85
- Unique, heat-shedding design maximises light output and increases the light's usable life
- Intuitive dimmer switch controls 7 levels of adjustable illumination for extra energy savings and control
- 20 mounting options suit virtually any work environment
- Universal power supply and interchangeable plug options accommodate global power outlets
- Perfect internal counterbalance provides effortless, one-touch positioning
